

# Holiday Meal 2022

## REHEATING INSTRUCTIONS

All items are fully cooked. Unless otherwise noted, reheat all foods until internal temperature reaches 165°F. Check internal temperature with a cooking thermometer inserted into the thickest part of the food. Reheating times may vary based on oven type, container size or quantity of food.

### Entrées

#### **Boneless Prime Rib Roast with Red Wine Gravy**

Preheat oven to 275°F. Remove roast from the original casing, place in a shallow pan and heat for approximately 45 minutes or until the internal temperature reaches 90-95°F. Remove from the oven and allow the roast to rest for 10 minutes before carving. Serve with warmed Red Wine Gravy. Heating time may vary based on the desired level of doneness.

#### **Pre-sliced Ham with Pineapple Chutney**

Preheat oven to 275°F. Remove Ham from the original casing. Place it in an oven safe pan and top with Pineapple Chutney (if desired). Cover in foil and heat for 30 minutes, then remove the foil and heat for an additional 20 minutes.

#### **Quiche**

Preheat oven to 350°F. Remove overwrap, plastic cover, and plastic base plate from Quiche. Heat them for approximately 25 minutes. Let them rest for 5 minutes before serving.

#### **Turkey Dinner**

If Frozen: Thaw in refrigerator for 48 hours.  
Preheat oven to 325°F. Remove Turkey from the plastic bag. The plastic on the legs can be left on during heating if desired. Place the Turkey in a roasting pan and add 1 cup of water to the bottom of the pan. Cover it loosely in foil and heat for 1 1/2 to 2 hours. Remove the foil for the last 10 minutes to let the Turkey brown. Allow the Turkey to rest for 10 minutes before carving.

### Gravy and Sauces

#### *Microwave*

Remove the lid from the container and place it in the microwave. Cover the container loosely with a microwave-safe wrap then microwave on high for approximately 1-2 minutes, stirring occasionally.
